On June 25, 2007, the offender submitted a urine specimen which produced a presumptive positive for cocaine.

**U.S. Probation Officer Action:** Mr. Goldsmith admitted to using cocaine on June 21, 2007, which is the offender's second positive drug test for cocaine since beginning supervised release. The probation officer offered drug treatment to Mr. Goldsmith and he accepted, having previously declined treatment after submitting his first positive back on June 19, 2007. He will be referred for a substance abuse assessment. Offender was also informed of the possible punishment for continued use of illegal drugs and received an oral reprimand.

Due to his second positive drug test, the offender will remain in the probation office's highest drug testing phase for an additional two months. It is respectfully recommended that the Court take no action at this time in order for Mr. Goldsmith to have an opportunity to participate in drug treatment. Any further noncompliance will be reported to the Court with a request for punitive sanctions.
